TUESDAY, FEBRUARY 3

The Hempstead County Republican Women's Club will meet at 7:30 p.m. Tuesday, February 3 in the Citizens National Bank Recreation Room.

District 16, Registered Nurses Association, will meet at Memorial Hospital Tuesday, February 3 at 7:30 p.m. and Mrs. Shirley Wesson of Prescott will have the program.

Notice

Delta Kappa Gamma will NOT meet as scheduled Feb. 2 because of illness among the members.

Births

Mr. and Mrs. Charles W. Mathison, Minneapolis, announce the arrival of a son, January 22. He has been named Mark Wayne. Mrs. Walter Y. Bobo, Route 1, Hope, is the grandmother.

Mr. and Mrs. Peter O'Connor, El Dorado, are the parents of a son who was born on Thursday, January 29 in El Dorado and weighed 7 pounds, 6 ounces. He has been named Peter McKinney O'Connor, Jr. Grandparents are Mr. and Mrs. Leland Warmack of Hope and Mr. and Mrs. Jack O'Connor of El Dorado. The O'Connors have one other child, a two-year old daughter.

SPROUTS JUNIOR GARDEN CLUB MEETS

The Sprouts Junior Garden Club met in the Garland School auditorium on Thursday, January 23. Vice-President, Larry Watson, called the meeting to order. The group saluted the flag and repeated the Junior Garden Club Pledge and the Conservation Pledge. The secretary, Judy Clark, read the minutes from the last meeting.

Mrs. Wallace Martin, leader, introduced Buster Denton, who is in charge of information and education for the Arkansas Forestry Commission. Mr. Denton gave an interesting program on the preservation of the forest and wildlife, and explained how the age of a tree can be determined, also whether it had been damaged or crowded in its life. He presented the children with Smokey the Bear bookmarks, and the booklet, "The True Story of Smokey the Bear."

A candle for the birds made of suet and birdseed was presented to each child.

The Sprouts Junior Garden Club is sponsored by the Garland Garden Club.

P.E.O. HOLD MEET

On Tuesday afternoon, January 27 Mrs. Franklin McLarty was hostess for a meeting of Chapter AE, P.E.O. in the spacious and attractive home, the chapter president, Mrs. George Frazier, had charge of a routine business meeting.

Mrs. F.M. Horton presented

a Founders' Day program, which all found interesting and informative. Among the 25 at the meeting was a guest from Little Rock, Mrs. B.H. Kelly. From a beautifully appointed tea table an assortment of tidbits and coffee were served.

Coming, Going

Debbie Barham, daughter of Mr. and Mrs. Joe Barham, has moved into a private room at Wadley Hospital, Texarkana; her address is now Room 402. After a week or more in the hospital, Debbie will complete her recuperation at home and will probably be confined to bed about 6 months, since she had corrective back surgery.

Mrs. Leland Warmack has gone to El Dorado to meet her new grandson, Peter McKinney O'Connor, Jr., and to visit the O'Connor family; Mrs. O'Connor is the former Mary Elizabeth Warmack.

Mrs. C.F. Baker has as weekend guests, Mr. and Mrs. Frank Wilson of Houston.

Alcoholism Not Treated in Prison

LITTLE ROCK (AP) — Flora Robinson is an alcoholic. She is in prison for it. She has been there 11 times before.

That information was related Thursday by a Cummins Prison Farm trustee to a U.S. District Court hearing on complaints by more than 20 inmates about conditions at the state's prison farms.

The trustee, Mrs. Valda Marlene Mize, 35, from Fort Smith, said another woman inmate had been sentenced to the state's prisons 17 times for alcoholism.

The sentencing is under an Arkansas law and applies only to women, Robert Sarver, state correction commissioner, told the court.

Mrs. Robinson "sometimes goes off the deep end" in her confinement, which currently is an isolation cell, where a bucket is used as a toilet if trusty fail to act promptly enough when she wants to go to the bathroom, Mrs. Mize said.

"If she gets let out of the building, Flora may wander off," Mrs. Mize testified. "She thinks she sees her children and goes over the fence."

Sarver said there are no programs at the prison for treatment of mental illness or alcoholism. Mrs. Robinson is one of three alcoholics among the 32 inmates of the women's reformatory at Cummins, he said.

Jack Holt Jr., attorney for the plaintiffs, asked, "In the times that Flora Robinson has been sent to prison for alcoholism, you have always applied the same treatment, which is nothing — is that right?"

Sarver said Holt was right. The commissioner blamed inadequate financing by the legislature.

HOPE (ARK) STAR, Printed by Offset

MAE IS BACK. Mae West, 77, appears at left, dressed for her role in the upcoming film, "Myra Breckinridge." It's her first movie since 1943. At right, the star as she looked in 1934. Miss West boasts that her measurements have remained the same throughout her career.

HELEN HELP US!

by Helen Bottel

YOUTH ASKED FOR IT!

This column is for young people, their problems and pleasures, their troubles and fun. As with the rest of Helen Help Us!, it welcomes laughs but won't dodge a serious question with a brush off.

Send your teenage questions to YOUTH ASKED FOR IT, care of Helen Help Us! this newspaper.

WHO WATCHES TV MOST, PARENT OR CHILD?

Dear Helen: We read and hear discussions on the bad effects of TV on children. What about the effects on the family as a whole?

An example: I'll call this young man Tom. College graduate, responsible position, considered intelligent.

He has a lovely, devoted wife who runs a nice home. College graduate also, good hostess, wonderful mother.

Then there is Jimmy. Two and one-half, bright and handsome.

Tom leaves home while Jimmy is still sleeping.

It is 6 p.m. Jimmy hears Tom at the door and greets his Daddy with joy and outstretched arms.

He is picked up and kissed. Then dinner served. Daddy is in a hurry. Why? TV is waiting!

The "Intelligent" father switches on the monster and suddenly little Jimmy is in the way. "Go play with your toys." This after a day of waiting for Daddy.

Commercial time. Daddy to Jimmy, "What did you do all day?" The poor child is so taken by surprise to be spoken to while TV is on, he can't answer fast enough. He loses his big chance to communicate with Dad.

Commercial over. Tom is again in TV-land.

This is the young man who wants his son to grow up loving and respecting him. Can a boy relate to a father who obviously has a better relationship with his TV set? — GRANDMA

Dear Grandma: I hope many men will read your good letter and ask themselves that question. Watching TV won't hurt a child nearly so much as constantly playing second fiddle to it. — H.

Dear Helen: My uncle owns a vineyard. This last summer I decided to make wine, but learned that if you make over a certain amount, you have to have a permit, so I went down to get one, and discovered that unless I am "the head of a household" (i.e., married, I can't be a little ol' winemaker.

Now isn't it crazy that in a state where unmarried persons can get a prescription for The Pill, you must be married to make wine? — DEN

Dear Den: Like "Make love, not wine," or something. . . .

Perhaps the legislators figure that keeping a bachelor off home made wine keeps him out of trouble. . . . The Pill does likewise for a bachelor girl. — H.

Dear Helen: Well, we had the silent fifties, the sexy and sizzling sixties, so now what will we call the seventies? — NORMAN

Dear Norman: Let's hope they'll earn the title "Sensible Seventies" and, maybe, just maybe they will! Let's hope they'll solve all those nasty problems the fifties couldn't move. If they don't, we'll be calling the next decade "The Awful Eighties." — H.

Dear Helen: I always thought that children brought a husband and wife closer, but my marriage is ready to fall apart mainly because the children and

their father side against me. He plans their parties, entertains them, and he's the love of their lives, while I'm in the background with the drudgery. I'm only good for housecleaning. I get no love, comfort, or understanding from any of them.

He won't talk to me or take me out. I fear the mental ward will have another patient if he doesn't change his ways. — HELP

Dear Help: I think YOUR ways need changing too, and this can be accomplished best with the help of a close-in counselor. Call the Family Service Agency in your town. — H.

This column is dedicated to family living, so if you're having kid trouble, or just plain trouble, let Helen help YOU. She will also welcome your own amusing experiences. Address Helen Bottel in care of Hope Star. Copyright, 1969, Inc.

Brighten Rainy Days

Umbrellas are a great fashion accessory! Choose one that reflects your personality. Rain or shine (parasols are back), umbrellas are good for a second glance if chosen with fashion sense.

Television and Radio

NEW YORK (AP) — A color film report of an expedition into the jungles of New Guinea including visits with primitive tribes occupied an early NBC hour Thursday night.

Lowell Thomas, in one of his rare TV appearances, served as narrator and did his best to make the audience believe the expedition was fraught with peril.

The jungle scenery was impressive and the natives, with sticks through their noses, were interesting. But it was hard to believe the party, led by an armed police patrol, was really in danger from people who hunt with woodenspears.

Thomas said the natives were cannibals. Maybe, but at another point the program reported that they lived primarily on green bananas.

Generally it was one of those real-life adventure tales and seemed a bit old-fashioned and overblown for current television. Even when Thomas was explaining how dangerous were the natives, they were grinning and performing for the cameras just like people do from New York to New Delhi.

The hour did have what may be a television first: In many scenes the women appeared naked to the waist, covered only by strings of beads. It is dubious whether this presages an era of topless television, but it was sensible of the censors to avoid any Nice-Nellie cuts.

Programs of this genre have been in mild vogue with network programmers since CBS' National Geographic series and ABC's Cousteau series were enthusiastically praised both by critics and Washington.

Weekend programs of particular interest start with a nature study tonight called "The World of the Beaver" — 7:30-8:30 EST. It conflicts with the premiere of CBS' "Tim Conway Show," a series about a one-plane, one-pilot airline — 8-8:30. Conway's co-star is Joe Flynn, with whom he worked in "McHale's Navy."

NBC's second show in its "American Rainbow" series comes along Saturday morning — 11:30 — with Lorne Greene leading a tour of New York's Lincoln Center. Saturday night a number of stations will broadcast a 90-minute version of the 1928 play, "The Front Page," with the cast of its recent Broadway revival.

Hardy Baby Dies of Suffocation

HARDY, ARK. (AP) — Kenneth Ray Bellis, infant son of Mr. and Mrs. Kenneth Bellis of nearby Willford (Sharp County), died Wednesday of suffocation, according to officials.

Coroner Eulis Ballard of Cave City said the parents reported finding the baby entangled in a blanket.

Wilson Hurt, Not Seriously, in a Fall

LONDON (AP) — Prime Minister Harold Wilson returned home from America today with bruised ribs, a cut lip and a sore wrist suffered in a fall in Washington Wednesday night.

Wilson fell at the British Em-

bassy here where he was to give a speech. Wilson fell from the top of a stylized pencil-shaped building from the top of which he was about to speak. Wilson's physician examined him and advised precautionary X-rays which were to be made after his appearance in the House of Commons this afternoon.

Wilson rested on his transatlantic flight during the night but has remarked several times in London today that he feels "damn sore."

Wilson spent five days in Canada, New York and Washington. He was accompanied by his wife, Foreign Minister Margaret Stewart and Mrs. Stewart.

An Announcement Concerning Savings From Your HOPE BANKS

The maximum rate of interest Arkansas banks can pay on savings accounts and certificates of deposit is governed by the Federal Reserve Board and the State Banking Board.

Hope Banks are now paying the maximum allowed under state banking regulations. The Federal Reserve Board has announced a permissible increase in the amount of interest banks may pay on savings deposits.

Under Arkansas law, the rate of interest Arkansas banks may pay on savings accounts and certificates of deposit can only be changed by the Bank Commissioner of Arkansas, with approval of the State Banking Board, after a hearing called with at least 10 days prior notice.

On February 11th the Arkansas State Banking Board will meet to consider adopting the Federal Reserve's Board's increased rates.

If the State Bank Commissioner and the State Banking Board revise the regulations to allow Arkansas banks to pay increased rates on your savings, the Banks of Hope will determine, on an individual basis, the rates they will pay.

The Banks of Hope will continue to offer their customers the finest in banking services and will continue to work for the best interests of the community they serve and the economy of our area.

Hope Team in Victory at Mineral

By BILL MOORE
Last night in the Mineral Springs Gym, the Hope Ladycats and Kittycats powered their way to successive victories over the Mineral Springs Hornets. The Ladycats dumped their opponents 64-53 raising their record to 6-2 and the Kittycats defeated their way to a 54-34 win raising their records to 4-4 and 6-2.

Dee Singleton got the Ladycats started, with the first five of her forty-two points. Then Mary Beth Millican hit a pair of free throws to give the Ladycats a 7-0 lead.

Singleton then hit the next seven points for a 14-7 lead after Mineral Springs had gotten four. Two points by Millican and five by Singleton finished the quarter with Hope leading 21-12.

In the second quarter Singleton immediately got a pair of charity shots. Bolinda East a basket for a 25-12 lead with 5:34. Singleton then got the next eight on quick jumpers and layups while giving the Hornets the equal amount for a 33-22 half-time margin.

The Ladycats proceeded to rack up the points in the second half and let the reserves finish the game.

Singleton hit a free shot and East a basket for a 36-24 lead before Mineral Springs got two. Millican and Singleton added five points each and the Ladycats commanded a 46-33 margin with one quarter to go.

The Hope girls were outscored in the last segment 20-8, though it really didn't matter. Rodden hit a free throw and with 5:59 Singleton sank five quick points, with three coming on a technical foul. Millican hit a basket, and again Singleton got three points for a 56-37 lead.

After Millican hit a two pointer, the reserves began to come in for both sides. Within a three minute span, Hope was outscored 12-4. Louise Kramer hit a basket for a 62-45 lead and Rodden ended the Ladycat scoring with a pair of free throws.

Both offense and defense are to be congratulated for their efforts. Defensive players were Sharon East, Janice Hobson and Cindy Hollis. Others seeing action were Jennifer Rhodes and Rita Taylor.

Earlier, the Yerger Junior Kittycats got off to a quick start and coasted to a well deserved victory, with good ball control and a tight defense.

Karlene Coleman hit a basket to start the scoring, and Janet McCain hit the first five of her thirty-five points to give the Kittycats a quick 7-0 lead.

Yielding Mineral Springs to seven points, McCain and Coleman got three points each to bring Hope's lead to 13-7, at the quarter.

Bonnie Willis hit two and McCain for a pair of free throws started the second quarter. A cold streak then hit both teams until McCain hit a basket with 1:21 left and four more points ended the first half with a close game, 23-22, in favor of Hope.

The second half was one of various fouls. Hope hit thirteen foul shots in the third segment and took a 38-20 lead. In this quarter McCain had eleven points, Coleman three, and Willis one.

McCain hit four points and Julia Brown one, to give the Junior girls a 43-30 lead with 4:28 left to play. Four more by McCain and three by Coleman made it 50-30, and the reserves came in from there.

Julia Brown hit the last points on a pair of charity shots with 1:16 left and no more scoring was made.

Others seeing action were Carol Hobson, Carol Frazier, Jill Herring, Anita McCauley, Mona Rowe, and Gigi Gladney.

B Boys Again Lose to the Hornets

By RALPH ROUNTON
Star Sports Writer

Once again unable to overcome a tough 7-B team, the Hope "B" Lizards fell to the Mineral Springs Hornets 66-57 last night at Mineral Springs.

That leaves the Hope squad 5-4 after two losses at the hands of the Hornets this week, after the Lizards scored an earlier 51-49 win over the same Mineral Springs team.

Senior guard Jimmy Kever hit seven first-quarter points, as his Hornets jumped quickly to a 15-7 lead. That margin grew to 25-17 and 34-17 in the second segment, as Hope only stayed around with the intermittent points of Tim White and Lynn Norton.

It was 38-23 at the half, and Mineral Springs virtually sewed it up by running off a 14-10 third frame for a 52-33 spread, though guard Roger Newton scored eight points in that stretch for the "B" Lizards.

Fourth-quarter action showed Hope playing catchup and getting points from Steve Harris and Tommy Webb in addition to the other starters, but they never got it closer than 10 points.

Tonight the Bobcats are off, with no games scheduled because of the sports banquet at 7:00 p.m. in the Coliseum, but on tomorrow (Saturday) evening the Cats and the Yerger Jr. Bobkittens go to Camden Lincoln for two games, starting at 6:30 p.m.

Knicks' Reed Over 9,000 Point Barrier

By ED SCHUYLER JR.
Associated Press Sports Writer

NEW YORK (AP) — Willis Reed of the New York Knicks is over the 9,000-point barrier, but the most meaningful figures to the big center are the ones that designate seasons played.

"The 9,000 aren't significant," said Reed Thursday night after he went over that pro career total with 25 in the Knicks' 127-106 trouncing of Detroit in a National Basketball Association game.

"It's the six years," he said. "I hope I can match those."

In the only other NBA action Thursday, Phoenix upended Atlanta 111-102 and Seattle tripped San Francisco 105-101.

Kentucky trounced Pittsburgh 122-102 and Indiana edged Los Angeles 127-123 in the American Basketball Association game.

Reed's 10th point, in the second quarter, was his 9,000th.

"We're playing as good a game as we were early in the season," said Reed after the Knicks won their fifth straight of 10 of 12 in opening up a six-game lead over second-place Milwaukee in the Eastern Division.

The Knicks looked devastating in the third quarter, outscoring Detroit 40-20 as Reed scored 11 points, Walt Frazier got eight of his 21 and Dick Barnett eight of his 14. Cazzie Russell came in after Bill Bradley suffered an apparent minor ankle injury early in the game and scored 18 points.

Walt Bellamy scored 22 points and Dave Bing 21 for Detroit.

Coumbe Hawkins tallied 15 of his 24 points in the last period as the Suns trimmed Atlanta's Western Division lead over the Los Angeles to 1½ games.

Solunar Tables

The schedule of Solunar Periods, as printed below, has been taken from Richard Alden Knight's SOLUNAR TABLES. Plan your days so that you will be fishing in good territory or hunting in good cover during these times, if you wish to find the best sport that each day has to offer.

JAN. 31	Saturday	11:45	6:35	—	6:55
FEB. 1	Sunday	12:10	6:20	12:30	6:50

TWO DOWN AND ONE KEEPS GOING. These jockeys came up short in a steeplechase held in England. Man in foreground "sits down" hard after parting company with his mount, which is not shown.

Another Top Ranked Team Knocked Off

By DICK COUCH
Associated Press Sports Writer

Creighton's young Bluejays are the latest spoilers in a bigger-than-they-are, the harder-they-fall binge that has toppled three of the nation's top six college basketball teams on successive nights.

Sophomore John "T-Bone" Taylor canned four free throws — his only points — in the final 61 seconds to carry the Bluejays past fifth-ranked New Mexico State 72-68 Thursday night.

Wednesday night, Villanova handed No. 3 St. Bonaventure its first setback of the season, 64-62. Tuesday's victim was previously-unbeaten sixth-ranked Jacksonville, which bowed to Florida State 89-83.

Sophomore Creighton, soaring to its sixth consecutive victory after a 5-5 getaway, avenged an earlier loss to the Aggies, with Taylor providing the margin and Junior Dennis Bresnahan dropping in 18 points to key a balanced attack.

Jimmy Collins scored 22 points before fouling out with three minutes remaining for New Mexico State, 17-2, before a capacity crowd of 11,000 at Omaha, Neb.

In another reversal, Memphis State shaded Wichita State 85-81 at Memphis, ending a string of 27 consecutive losses in Missouri Valley Conference play. Drake's MVC leaders, ranked 16th nationally, downed visiting North Texas State 95-84 to go 8-0 in league play and 14-4 overall.

Offie Taylor's 35-point spree propelled 12th ranked Houston to an 82-69 road victory over Montana State; Utah snapped a first-place deadlock with Texas-El Paso in the Western Athletic Conference by shading the Miners 66-61 at Salt Lake City and Princeton ousted Cornell 75-58 at Ithaca, N.Y., to remain alive in the Ivy League title race.

Memphis State's 27-17 edge from the foul line proved the difference as the Tigers broke the longest losing streak in Missouri Valley history. Don Holcomb and Jeff Frost tallied 21 and 20 points, respectively, for the winners. Greg Carney of Wichita State was the game's high point man with 29.

Gary Zeller connected on a rare four-point play with just over 2½ minutes to play, helping Drake subdue North Texas State for its 17th straight MVC triumph. Zeller scored on a driving layup and converted two free throws, awarded on a flagrant foul called against the Eagles' Joe Hamilton for spilling him on the play.

At Williams topped the Bulldogs with 29 points and 23 rebounds. Hamilton scored 25 for the losers.

Houston's Taylor popped in 25 points in the second half, finishing 13-for-13 from the free-throw line, and grabbed 16 rebounds as the Cougars staged a late surge to boost their season mark to 14-2.

Utah, 13-1 overall, up-ended Texas-El Paso for a 50 mark in the WAC and a one-game lead over the Miners. John Hummer's 22 points helped Princeton, 10-6, boost its Ivy record to 3-2.

Duquesne, sparked by Barrett Durham's 24 points, edged Kentucky. Wesleyan, a small college giant, coasted at Pittsburgh and Toledo edged its season mark to 11-4 despite a first-half loss. By hitting a long-range shot, Wesleyan edged Colgate with a 74-69 victory.

In other major action, the Longhorn State Stars edged Arizona State 67-64 at Phoenix. New Mexico State edged the Yuma Sun 67-64.

Shocked Princeton, 1-7 overall, edged the team that had beaten the Longhorns in overtime.

Florida A&M Coach Plans to Retire

By JOHN VAN GIESON
Associated Press Writer

TALLAHASSEE, Fla. (AP)—Old Jake Gathier, a slope-shouldered, pot-bellied football genius who liked his players "agile, mobile and hostile"—and that rhymes with smile — Retired Thursday.

Jake, born Alonzo S. Gathier, son of a preacher, produced some of the finest football teams ever to smash an opponent into the dusty playing fields of the South's backwater black colleges in 25 years as coach of the Florida A&M Rattlers.

His 203-36-4 lifetime coaching record was the best in the nation among active football coaches. Once—but only once—a Gathier team slipped to a 6-4 record. He never had a losing season.

FAMU President B. L. Perry announced at a news conference that Gathier will be succeeded by Robert "Pete" Griffin, a 26-year Rattler defensive assistant who was a Negro all-American as an A&M center in 1938.

Then Gathier, with lines of age etched deep in his fierce round face and thin white hair curling backward over a long scar left by a 1942 operation, described his feelings.

"The old man upstairs has been mighty good to Jake," he said. "I got a few more years, and I want to spend them doing whatever I can for the good of the university."

Perry said Gathier's positions would be cut from the original four to one—athletic director. At one time Gathier was athletic director, football coach, health and physical education professor and head of the health and physical education department.

The retirement decision, Perry said, was Gathier's own.

"The reason is simply this: I don't want to press my luck too long," Gathier said. "Since being coach at Florida A&M I have survived a brain operation, I have survived blindness, and I have survived a broken leg."

When the surgeons cut into his head in 1942, he said later, they removed two malignant tumors.

"His ability to inspire, to identify latent talent regardless of how tough it was, was one of the things that made him successful," the president said.

"It's just been in recent years," Perry added, "that some other institutions have decided that these athletes have that latent talent and they would like to give them the opportunity to develop it."

Gathier said he knew in recent years that the swift and husky black kids he recruited to A&M had the talent, but he thought they may have been a new breed that lacked desire.

He said he learned he was blind on a Sunday morning last fall in Tampa the day after FAMU's second one of its biggest victories over by defeating a predominantly white Tampa team.

He played so well in that game that he decided to give the team a rest even though he had to be ready to play a tough game the next week. In the orange-colored classroom the next week, he said.

He said he had been blind and deaf since he was 12. He said he had been blind and deaf since he was 12.

Sandy Koufax Decade's Best in Baseball

By BOB MYERS
Associated Press Sports Writer

LOS ANGELES (AP)—Sandy Koufax had a one-word reaction when advised he had been named Baseball Athlete of the Decade in a special poll conducted by the Associated Press.

"Incredible," said the former Los Angeles Dodger pitcher, a hard-throwing, soft-speaking left-hander many call the greatest in the annals of baseball. Koufax, who retired at 30 after the end of the 1966 season because of a chronic, pain-enduring arthritic condition in his pitching elbow, is a man of many attributes.

False modesty is not one of them and he elaborated on his thoughts.

"I think it's incredible because there were guys like Mays and Mantle and Henry Aaron who were great players for 10 years or more."

"After all, my big years were not spread over a full decade. I only had four or five good years."

Sandy had best check the records. In six years of the past decade, 1961-1966, he won 129 games and lost only 47 and in his final four his won-loss history was 25-5, 19-5, 26-8 and 27-3—and those were years when the elbow was in misery.

Sandy in his relatively brief but golden years won the Cy Young Award three times and pitched no-hit, no-run gems in successive years, from 1962 through 1965, and one of them was a perfect game.

Koufax is proud of his success in baseball but he has said perhaps his most satisfying season was in 1965 when he struck out a major league record 382 batters.

This, he feels, was a sort of do-it-yourself thing.

The Mays and Mantle he referred to, of course, were Willie and Mickey of the San Francisco Giants and New York Yankees.

In the AP poll, Koufax received 225 votes from the sports writers and broadcasters. The now-retired Mantle received 154, Mays 100, and Aaron of the Atlanta Braves, 51, trailed next in that order.

Koufax after retirement accepted a fat, long-term contract as a commentator with the National Broadcasting Company.

He was advised of the decade designation as he prepared to play golf at Riviera Country Club, to which he belongs. Golf has long been a Koufax concern. He carries an eight-handicap and said with a grin, "I can't play a lick."

Once one of the nation's most eligible bachelors, Sandy has been married a year. His private life remains quiet and quite private.

Does he miss the hustle and bustle of baseball?

"Yes and no. But things are still pretty bustling for me," he said.

NEW YORK (AP)—Little John Binka, Kenyon's dazzling 5-foot-9 guard, still is the big man in the small college basketball scoring race.

Binka, with a 48.7 average, holds a commanding lead over runner-up Isaiah Wilson of Baltimore. Binka, in college division basketball, the National Collegiate Sports Services reported today.

"No, coach, we don't want off. We want to work. I don't know the team but I know I'll give them a good game."

Nicklaus Hot in San Diego Golf Open

By BOB GREEN
Associated Press Golf Writer

SAN DIEGO (AP) — Jack Nicklaus sounded a warning to his challengers in today's second round of the \$150,000 Andy Williams-San Diego Open: "I have to do better."

Nicklaus, the defending champion, opened with a brilliant, seven-under-par 65 in Thursday's first round, one stroke better than fast-closing Tony Jacklin, the British Open title-holder.

Four more are at 67—Canadian Al Baldwin, former Masters champion Gay Brewer, 49-year-old Julius Boros and young Joel Goldstrand.

The group of six at 68 includes Gene Littler and Bobby Nichols, while the current Masters champion, George Archer, was one of six at 69.

But Nicklaus, who has the hottest hand on the tour in his appearances, remained the man to beat—and the man to catch.

Nicklaus' 65—he also had a 65 in his last previous competitive round—came on the 6,792-yard Torrey Pines Golf Club course in what he called an "ideal situation for scoring."

The temperature was in the 70s, the greens held, the fairways were in excellent condition and the mild breeze didn't kick up until the afternoon, long after big Jack had finished.

His round was outstanding enough, but even more remarkable because he did some experimenting along the way.

"About my fourth or fifth hole I started having some trouble with my swing," he said, "I wasn't getting the shoulder turn right. I worked it for about nine holes before I got it back where I wanted it."

"It's gratifying to work your way out of some trouble and still be able to score well."

In that stretch of holes—"I just wasn't hitting the ball close to the hole"—he had only one birdie, on a par five when he chipped close and made the putt. But he didn't have a bogey.

"I haven't had quite as long a winter layoff as I usually have," he said of his last start this year. "I watched about 20 movies of myself over the holidays and found some things I wanted to find and firmed up in my mind what I wanted to do."

Others had their troubles, however, particularly PGA champ Ray Floyd and Bert Yancey, winner of last week's Bing Crosby Pro-Am. Floyd took a 75, including four penalty strokes for too many clubs in his bag, and Yancey had a 77.

Moving Pilots Becomes More Confusing

OAKLAND (AP)—Even if the group of Seattle businessmen now trying to finance the purchase of the Seattle Pilots should fail, the baseball club may not necessarily have to be moved out of Seattle this season.

An Oakland Airlines executive Edward J. Daly, jumped into the confused situation Thursday, confirming reports he was considering buying the club and keeping it in Seattle.

Daly is not to be confused with Cleveland businessman William Daley, who now owns the club and is trying to sell it for \$9 million to a Seattle group headed by Edward Carlson, a hotel executive.

Edward Daly is president of World Airways, Inc., an Oakland charter carrier. He got into the act at the request of a friend of his, Charles O. Finley, owner of the Oakland Athletics.

Daytona Race Gets Started Officially

By BLOYS BRITT
AP Auto Racing Writer
DAYTONA BEACH, Fla. (AP) — Official qualifying for starting positions began this morning for the 24-hours of Daytona Endurance Race and most observers were betting that one of the new Porsche prototypes would wind up at the head of the field.

Porsche, fielding three of its new 5-liter, 600-horsepower 917 models for the Saturday-Sunday twice around the clock marathon, had the highest unofficial speeds in practice and appeared to have few mechanical problems.

On the other hand, some observers felt that qualifying laurels would go to one of five new Ferrari 512s, a 5-liter, 515-horsepower bomb with the biggest engine displacement ever built by the Italian marque.

The new Ferraris, however, came here with a minimum of road testing and promptly ran into transmission and overheating problems. These setbacks appeared to have been solved by Thursday and their drivers began hitting speeds well above the course record.

The field of 69 cars was to participate in a three-hour qualifying session starting at 8 a.m. Each car was to be clocked on every lap of the 3.81-mile course, with the fastest lap determining the car's starting position.

The Porsche 917s and the Ferrari 512s, easily the most powerful cars in the field, turned practice laps in the 124-126 m.p.h. bracket, with Jo Siffert of Switzerland having the best unofficial speed of 126.769 m.p.h. in a Porsche.

Henderson's Streak Broken

MONTICELLO, Ark. (AP) — Arkansas A&M broke Henderson's 11 game winning streak, beating the Reddies 63-58 in basketball Thursday night.

It was A&M's first victory over the Reddies since 1965. Tommy Morrison led A&M scoring with 16. The leading scorer for Henderson was Mike Peterson with 19.

A&M led at the half 40-34.

Colonels in Easy Win Over the Pipers

By THE ASSOCIATED PRESS
Buddy Jeannette went out kicking and John Brisker landed a punch or two, but the rest of the Pittsburgh Pipers hardly put up a fight.

The Kentucky Colonels whipped the Pipers 122-102 Thursday night in an American Basketball Association game enlivened by the third-period ejection of Pittsburgh Coach Jeannette and a fourth-period tussle between Brisker and the winners' Sam Smith.

In the only other ABA game on the schedule, Indiana's Eastern Division leaders downed Los Angeles 127-123 behind big Roger Brown to remain nine games ahead of the second-place Colonels.

New York trimmed Detroit 127-106, Phoenix toppled Atlanta 111-102 and Seattle edged San Francisco 105-101 in National Basketball Association action.

PUTTING THE SQUEEZE ON glass. What would have been a shattering experience a few years ago, proves to be a soft touch today. Shatterproof plastic bottles are replacing traditional glass containers for food, cosmetics, toiletries and other common items. Goodyear statisticians figure more than five billion plastic bottles will be produced this year.

New Cancer Drug Called Promising

By FRANK CAREY
AP Science Writer
WASHINGTON (AP) — A little-known experimental drug called BCNU is proving to be "one of the most promising" of the new anticancer weapons developed by a government testing program, the National Cancer Institute said today.

The NCI indicated it is one of the first drugs, for example, to show any progress against so-called "solid" cancers, such as those of the lung and gastrointestinal tract, as well as some much-less prevalent non-solid malignancies like Hodgkins disease.

It also differs from most other previously used in cancer control in that it possesses remarkable powers for crossing the body's mysterious "blood-brain barrier." This raises hopes for attacking cancer cells that originate in, or are carried to, the brain, the report further indicated.

However, BCNU is rated as a temporary control treatment, not a cure, and is not available for general use by doctors.

The Cancer Institute told about BCNU in a statement backgrounding a national conference, opening today, designed to bring to the attention of practicing physicians the latest research findings on BCNU, and an older anticancer drug called 5-fluorouracil, or "5-FU" for short.

The meeting is the first of a series of national conferences to be sponsored by NCI to summarize and interpret current information on various drugs, new and old, being employed against various forms of cancer.

The NCI report said "5-FU" — which is available to physicians generally — has been known since the mid-50's to be temporarily useful in some cases of gastrointestinal and breast cancer.

But the institute added that "important new findings" about it have lately been achieved by Dr. George Higgins of the U.S. Veterans Administration Hospital, Washington, D.C., in employing the drug as a follow-up to surgery for cancer of the large intestine.

Longer, symptom-free periods were achieved when 5-FU was given to certain patients after surgery — as compared with no.

Longer, symptom-free periods were achieved when 5-FU was given to certain patients after surgery — as compared with no.

Longer, symptom-free periods were achieved when 5-FU was given to certain patients after surgery — as compared with no.

Longer, symptom-free periods were achieved when 5-FU was given to certain patients after surgery — as compared with no.

suits achieved by surgical treatment alone — said the NCI account.

BCNU's formal name is a jaw-breaker: "1,3-bis(2-chloroethyl)-1-nitrosourea."

It's one of a new class of synthetic chemical compounds, called "nitrosoureas," that have the power to cross the "blood-brain barrier" — a natural mechanism preventing certain foreign substances, such as many drugs, from being carried by the blood into the brain.

But BCNU is the only one of them so far extensively tested in humans.

U.S. Agents Spy on Saigon Press Corps

SAIGON (AP) — Four U.S. government investigators — not two — were infiltrated into the Saigon press corps to spy on the newsmen, official sources admitted today.

Their credentials have been withdrawn and those who issued them were disciplined, the sources said. But a statement issued in Washington indicated all they got was a verbal admonition.

On Wednesday, officials reported in answer to questions that two American investigators, William T. Tucker and Howard R. Helchow, were issued credentials as working newsmen on Jan. 3 and the credentials were withdrawn Tuesday after someone blew their cover.

Today officials disclosed that two Vietnamese agents hired by the U.S. government, Nguyen Van Vien and Nguyen Van Thien, also were issued press cards which have since been canceled.

All four claimed to represent the American University Press, apparently a named but nonexistent organization.

American University Press, Services, Inc., in New York, said it knew nothing about the matter. It publishes scholarly books.

And Secretary of Defense Daniel Z. Halloran said in Washington the state media had been informed that the two men were involved in the "cover-up" of the credentials at Hanoi and that they had been a makeshift concerning the proper procedures to be followed in accreditation.

They left in the air what anything was being done about them after the Saigon press corps believed that the two men were U.S. agents spying on the military and political scene.

Family Health Clinic Planned

THE ROCK AF — A new family health clinic is being planned in the Rockwell area. The clinic will be located in the Rockwell area and will provide a wide range of medical services for the community.

The clinic will be located in the Rockwell area and will provide a wide range of medical services for the community.

PENETRATION

**HAVE
FAITH
IN
GOD**

Drive the nail into the board... that is penetration! You may be sure it won't enter of its own accord. It must be driven with sufficient, well-concentrated, properly directed energy. *It takes a real artisan to wield a hammer like that. It takes a genuine God to penetrate some of our lives the way He does, too.* Jesus "hit the nail on the head" when he said, "There is a way that seemeth right to a man, but the end thereof is the way of death." The Great Carpenter teaches us the fine art of living... how to flex the wrist to give the proper blow... to hold the tongue and protect a good name... to give a faithful witness and save a soul... to lose yourself in a cause infinitely bigger than yourself. Go to church Sunday and drive that nail straight and true. *That's penetration!*

Pour Your Contributions Of Wealth and Service Into The Program Of Your Church. Here They Will Help Create Lasting Benefits For All Mankind.

CALENDAR OF EVENTS

The Pastor of the First Church of Christ, Mr. John C. Brown, will sponsor a "dinner-dance" at the home of Mrs. J. H. Brown, 1000 S. Cherry, on Friday, January 31, from 12:00 noon to 3:00 p.m.

FIRST BIRTHDAY CELEBRATION

Little Miss Felicia Renee Smith, daughter of Mr. and Mrs. Edward L. Smith, 304 East 9th Street, celebrated her first birthday with a party Saturday, January 25, from two until four in the afternoon. Her birthday is January 25th.

The guests consisting of other toddlers, relatives and family friends, numbered twenty-three. Felicia's special favors were little Miss Valerie, Misselle Cotsley and Master Steven Anthony Johnson of Hope. Master Michael Dwayne Flendry of Washington, Arkansas, and Little Miss Sonya Renee Smith of Texarkana, Texas.

The party decorations were done on a pink and white color scheme. Felicia was dressed in pink and white which completed the scheme. Refreshments were highlighted by a white cake attractively decorated with pink roses and green leaves.

FUNERAL

Funeral for Mrs. Viola Simpson will be held at Loneok Baptist Church Saturday, January 31st, at 2:00 p.m. Burial will be in Plain View Cemetery, Magnolia, Arkansas. Hicks Funeral Home, Inc. in charge.

NANCY BROWN

CONWAY—Nancy Scott Brown of Hope is student teaching in Morrilton this term. A senior at Hendrix College, Miss Brown is teaching first grade at Northside Elementary School.

Miss Brown is the daughter of Mr. and Mrs. Fred Scott of 607 South Hazel St. She is a 1966 graduate of the former H.C. Yenger High School, and at Hendrix is a member of Student National Education Association, Hendrix Christian Movement, Booster Club and Veasey Dorm Council.

Ex-Mayor Files for Divorce

NEW YORK (AP) — Former Mayor Robert F. Wagner has filed suit for a separation from Barbara Cavanagh Wagner, whom he married in 1965.

His attorney confirmed the action was filed Thursday, but declined to give any details.

Egyptian Oil Installations Are Damaged

By THE ASSOCIATED PRESS

Israeli planes damaged Egyptian oil installations in the Suez Canal area Thursday and fought a duel of sonic booms with Syria late into the night.

Egypt said one civilian employee of its oil company was killed and 11 wounded in the attack on the refinery at the southern end of the canal but did not say how much damage was done to equipment. Lots of broken windows and frayed nerves resulted from the sonic duel.

It was the first attack on the Egyptian refinery since a massive Israeli shelling in October 1967 destroyed a large part of the plant.

Syria began the Battle of the Banges Thursday afternoon when a lone MIG21 flew over Israel's chief port, Haifa. The Israeli military command said it did not bomb or strafe, but the sonic boom it created shattered hundreds of windows and caused a flood of phone calls to police stations. The plane escaped back to Syria.

An hour later, an Israeli plane roared over Damascus and took a toll of windows there. Then after midnight Israeli planes flew over Damascus and four other cities in the north, Hama, Homs, Latakia and Aleppo, Syria's second largest city, the Israelis reported.

A military spokesman in Damascus said the sonic raids in the middle of the night broke many windows but caused no injuries. There was no panic in Damascus. "We are used to it by now," said one wife, looking out of the empty frame on her bedroom window.

Israeli planes have flown over the Syrian capital a number of times in recent months. A

spokesman in Damascus said the flight over Haifa was in retaliation for "provocative Israeli air penetrations of Syrian airspace and crashing the sound barrier over Damascus last month." He claimed an entire formation of Syrian MIGs made the flight.

There also was a sonic boom over the biblical Lebanese port of Tyre near the Israeli border Thursday night, but no one seemed to know whose plane caused it. The boom broke windows in a bank and sent residents rushing to air raid shelters.

A close confidant of Egyptian President Gamal Abdel Nasser said today that he expects Israel to follow up its air raids near Cairo with attacks on vital targets much deeper in Egypt, perhaps near the Sudanese border.

The editor of the newspaper Al Ahran, Hassanain Helkal, said Israel had received up to 24 American Phantom jet fighters-bombers last week and that another 24 are to be delivered by August.

"It is certain that there are no other targets except those in Egypt—in the depth of Egypt—which fit the long-range function of the Phantoms," he wrote.

Secretary of State William P. Rogers said in Washington that the Nixon administration is sorry but not worried about the angry Arab reaction to the President's pledge to supply Israel with any arms needed to maintain the balance in the Middle East.

Rogers said the statement was consistent with past administration statements. The Egyptian Embassy in Moscow denied a report from Beirut that President Nasser and many of his top advisers made a secret three-day trip to the Soviet capital last week after the Israelis wiped out the Egyptian radar station on Shadwan Island, at the entrance to the Gulf of Suez.

Lions to Hear About Council on Education

Mrs. Clair Reece Gladden, Director of Attorney General Joe Purcell's Consumer Education Council, will be in Hope on Monday, February 2, to speak before the Hope Lions at 12:00 noon.

Mrs. Gladden was named director of the Council in August

1969. The Council is made up of women from different parts of the State, including business and professional women as well as housewives. Its mission is to educate Arkansas consumers about deceptive and misleading business practices. Mrs. Mary Parker of Hope is a member of the Council.

The Council was formed by Attorney General Purcell as part of a consumer protection program in his office. In addition to the Consumer Education Council, he has formed a Consumer Protection Legislative Study Committee, made up of representatives of business, labor, government, women's groups, the legal profession, the Better Business Bureau, and many other groups with a vital interest in protecting Arkansas consumers from unfair business practices. The Committee will hold hearings on consumer protection legislation and draft a proposed Bill to be introduced to the General Assembly.

Mrs. Gladden, whose home is at Benton, is a native of Van Buren, and graduated from Van Buren High School in 1952. She attended Ouachita Baptist University and received her bachelor's degree there in 1955, with a major in business administration and a minor in home economics. Since 1967, she has served as a clerk on the staff of the House of Representatives.

MRS. CLAIR REECE GLADDEN

Against Bill to Aid Ailing Newspapers

By H. L. SCHWARTZ III
Associated Press Writer
WASHINGTON (AP) — A Democratic opponent of a Senate bill that would exempt failing newspapers from antitrust laws says administration support of the measure is "proof of its own myopic vision where media problems are concerned."

And, says New Hampshire's Thomas J. McIntyre, serious consideration of the bill by Congress "is a sad commentary on our failure to perceive the growing concentration of our mass communications media."

McIntyre commented as he introduced an amendment sharply limiting the scope of the newspaper bill that reached the floor Thursday after five years of legal and legislative controversy.

The amendment was due for Senate action today.

The bill would permit newspapers in the same geographical location to combine all operations except news and editorial staff if either paper was threatened with financial collapse.

Its terms would cover joint operating agreements already in effect in 22 cities.

The McIntyre amendment would permit antitrust exemption only to newspapers not part of a chain and not in any way affiliated with broadcast outlets.

Only six of the 22 cities would qualify—Boston, Portland, Me., Honolulu, Hawaii, Nashville, Tenn., St. Paul, Minn., Tulsa, Okla., and Tucson, Ariz., where a Justice Department suit in 1967 began the controversy leading to the current bill.

Body of Girl Identified

SPRINGDALE, Ark. (AP) — Authorities have identified the body of a girl found Thursday near Springdale as that of Eva Johnson, 18, of Rogers.

Benton County officials said she appeared to have been dead about three days.

Snow Avalanche in Iran Traps Many, 37 Die

TEHRAN, Iran (AP) — An avalanche of snow swept 16 cars and buses into a ravine and 37 persons were found frozen to death in one of the buses, officials reported today. More than 100 persons were injured and about 200 others were trapped, they said.

The avalanche rumbled down in 5-degree cold on the Amol highway about 50 miles north-east of Tehran on Wednesday, sweeping eight buses and eight cars from the road into the deep ravine, the officials added.

Rescuers moved into the ravine and under the direction of Premier Abass Hoveida removed the 100 or so injured and about 150 unhurt from the banks of snow, officials said. Tehran newspapers said some of the vehicles were buried under 32 feet of snow. The avalanche was about 1 1/4 miles wide.

Rescuers are being hampered by the intense cold. Food, blankets and medical supplies were dropped by helicopters. Officials said they hoped to free 170 people before nightfall.

Mechanized units are heading for the disaster area from both ends of the highway. The road has been closed until further notice.

Democrats Seek High Ground on Pollution

By H. L. SCHWARTZ III
Associated Press Writer

WASHINGTON (AP) — Using the administration's own tactics, Senate Democrats are moving to seize the political high ground in the battle against pollution.

And the ferocity of their counterattack since President Nixon moved to make pollution a Republican issue in his State of the Union message appears to have caught GOP senators somewhat off balance.

When a Senate subcommittee on environment opened hearings Tuesday into the problems of auto exhaust, four Democrats were there, one Republican.

Although President Nixon singled out auto exhaust as the worst polluter of the air, only lower echelon administration witnesses appeared.

And they said their lips were sealed until Nixon sends his environmental message to Congress in February.

This drew some spirited Democratic criticism. But no Republicans at all showed up when the attack intensified Wednesday.

In fact, it took an emergency telephone call by Republican Howard Baker of Tennessee to bring New Hampshire's Norris Cotton on the run, even though Cotton isn't even a regular member of the subcommittee.

Hearings by the subcommittee gave Democrats their first opportunity since the State of the Union message to take on administration spokesmen—even lower echelon ones—face to face.

Subcommittee Chairman Philip A. Hart, D-Mich., who is up for re-election in the fall, wasted no time in getting to the attack. He said he was one of several Democrats "suffering the lash" of presidential criticism for tardiness in the last session.

Hart started right off Wednesday by announcing that he wanted to get to the bottom of "who is and who is not dragging their feet."

He said the subcommittee had gotten the runaround from Welfare Secretary Robert H. Finch who had been invited to appear, and that White House science adviser Lee DuBridge had first expressed eagerness to testify, then bowed out at the last possible minute.

"This has developed into a pattern," said Democrat John O. Pastore of Rhode Island. "We have been castigated time and time again for dragging our feet."

"It is indeed a pattern," said Utah's Frank Moss, another Democrat up for re-election in the fall. "We have trouble getting anyone to appear and then they tell us they can't say anything. It's a frustrating thing."

It was about this time that Cotton, ranking Republican on the parent Commerce Committee, arrived on the scene.

In a talk with a newsman later Cotton said he had warned the administration about the possibility Democrats would use the administration's own criticism as a major weapon.

Representative Seeks Re-election

LITTLE ROCK (AP) — State Rep. Preston Bynum of Siloam Springs filed for re-election Wednesday, becoming the first official candidate in Arkansas this year.

Bynum, 30, an automobile dealer, is a Republican. He won his first term in 1968, defeating the incumbent, Roy Galyean, a Democrat.

To Vote Tuesday on \$450,000 Bond Issue for Standard Generator; Should Be O.K'd

Next Tuesday, Feb. 3, the people of Hempstead county will vote on an Act 9 bond issue of \$450,000 to help Standard Generator Service expand its local plant and hire an additional 150 persons.

Apparently not all our county's citizens understand the terms of Act 9 bond issues, different from tax-bearing issues because Act 9 bonds are underwritten by the private industry which is being helped.

Much depends, of course, on the judgment of the local citizens who investigate the underwriting companies before setting up a bond election. Hempstead county's experience with Act 9 issues has been entirely good; therefore we recommend that you vote FOR the bond issue coming up this Tuesday.

Following this editorial is a letter from State Rep. Talbot Field, Jr., explaining Act 9 issues, and judging from the minority vote in past bond elections there are some citizens who would do well to read it before voting on Tuesday.

In an earlier Act 9 bond election March 20, 1962, Hempstead county passed a \$245,000 measure for the Delight Egg Co. by the decisive vote of 1,796 to 583. Yet 9 of the county's 31 precincts voted against the bonds. Here is the record, from The Star's report of March 21, 1962:

PRECINCT	FOR	AGAINST
Saratoga	0	44
Piney Grove	11	20
Columbus	19	20
Cross Roads	12	21
Washington	35	45
Sardis	8	15
Fulton	8	44
Bingen	6	27
De Ann	9	23

In all these communities The Star has substantial circulation; the issue was explained in detail—yet they chose not to go along with a proposition that their neighbors endorsed three to one as being for the benefit of the entire county.

This is a plea to read the following letter and possibly make Tuesday's decision unanimous.

Editor the Star: On Tuesday, a special election will be held throughout Hempstead County to approve or

disapprove the issuance of a \$450,000 Act 9 bond issue for expansion of the Standard Generator Service plant on West Avenue B in Hope.

Act 9 was enacted into law by a special session of the legislature in 1960. As of January 20, 1970, 171 bond issues had been approved by voters throughout the state under Act 9, totaling in excess of \$600,000,000.

This \$450,000 bond issue will not be a general obligation bond. Nevertheless, upon approval by the voters of Hempstead County, these bonds will also be guaranteed by the Arkansas Industrial Development Commission for as of January 28, 1970, said Commission issued an authorization to guarantee this \$450,000 bond issue, upon passage by the people of Hempstead County. This is possible because the Legislature created a reserve fund in the AIDC for this purpose. At the present time the Commission has \$300,000 in its reserve fund and the Legislature has authorized an additional fund of \$10,000,000, if needed.

Upon the approval of this bond issue the Standard Generator plant will be expanded and 150 new jobs will be created. This will result in the equivalent of a new industry for it will bring into our County \$600,000 per year in new income. This will total \$12,000,000 or more, in money for our county during the 20-year life of the bonds.

By a vote of 538 to 11 the people of Nashville, Ark., have just approved a \$1,500,000 Act 9 bond issue to provide for a poultry processing plant.

In 1965 we approved an Act 9 bond issue of \$500,000 for Meyer's Brown N' Serve Bakery. It is one of our finest industries. They waived the local tax exemptions to which they would have been entitled in order that we might have a better community. Standard Generator Service has agreed to work something out along this line.

I shall vote for the bond issue on Tuesday and I urge all citizens of Hempstead County to go to the polls on Tuesday and vote for the approval of this bond issue.

Sincerely yours,
TALBOT FIELD, JR.
Representative Hempstead County
(District 34)

Jan. 29, 1970
City

Bill Cross Resigns as Hospital Head

Bill Cross has resigned as administrator of Hempstead Memorial Hospital effective February 3. He notified the Hospital Board of his resignation by letter.

Ray Turner, chairman of the hospital board, said that Don Abbott has been named acting administrator. Mr. Abbott has been serving as assistant to Mr. Cross. An administrator will be named as soon as possible.

The resignation letter follows:

"BOARD OF GOVERNORS
HEMPSTEAD COUNTY MEMORIAL HOSPITAL,
HOPE, ARKANSAS

Dear Board Members: Due to circumstances beyond my control, I am tendering my resignation as administrator of Hempstead County Memorial Hospital as of February 3, 1970.

The time that I have spent as administrator of Hempstead County Memorial Hospital has been a rewarding experience as I have seen the hospital grow and develop in all departments; and, it is my earnest hope that the future will bring continued success in patient care for this community. Sincerely yours,

C. L. CROSS
Administrator

Antiaircraft Weapons Hit, U.S. Admits

By GEORGE ESPEY
Associated Press Writer
SAIGON (AP) — The U.S. Command said today that American planes have attacked antiaircraft weapons in North Vietnam that fired on them a number of times since the American bombing halt 15 months ago, but it said the attacks were not made public because they were not considered significant.

The disclosure was made after word leaked out Thursday that U.S. planes had attacked a SAM missile launcher Wednesday some 12 miles inside North Vietnam after it fired missiles at an American reconnaissance plane and its fighter-bomber escort.

Enemy antiaircraft guns — not missiles — brought down one of the escorting F105 fighter-bombers, and a North Vietnamese MIG shot down a U.S. rescue helicopter that was searching for the two F105 crewmen.

A spokesman for the U.S. Command said North Vietnamese ground positions have fired on American reconnaissance planes and their escorts, and the escorts "have fired back on occasion and sometimes they don't. This is basic policy."

The spokesman said the United States has not initiated any See ANTIAIRCRAFT (on page two)

VISTA Loses Battle at Texarkana

TEXARKANA, Ark. (AP) — The Southwest Arkansas Development Council voted Thursday to no longer sponsor Volunteers in Service to America (VISTA) here.

Gov. Winthrop Rockefeller gave the VISTA program a 30-day extension last month provided that it be sponsored by a local Community Action Agency.

The extension expired Monday, but one of the governor's aides said Rockefeller was waiting to discontinue the program until the council meeting.

The council said it didn't want to sponsor the VISTA program because VISTA workers could not be used for work with poverty and minority groups in the counties.

Dr. Mitchell Young of Texarkana, national president of Freedom House, has called the VISTA workers "political activists" and accused them of taking part in disruptive activity in Texarkana.

Reports Nixon to Send Special Bond Congress a New Budget Vote Slated Tuesday

WASHINGTON (AP) — President Nixon will send to Congress Monday a federal budget for next year proposing spending of \$200.8 billion and a surplus of \$1.3 billion, the White House announced today.

The recommendations include a \$5.8 billion cut in defense spending from the current \$79.4 billion, and major reductions in expenditures for space, agriculture and veterans' benefits.

The current fiscal year's expenditures are estimated at \$197.8 billion, or \$3 billion below those proposed for the year starting next July 1.

Press secretary Ronald L. Ziegler confirmed the figures as reported earlier by The Washington Post, but at the same time voiced concern over what he called a premature disclosure of the budget data.

"You will note," Ziegler told reporters, "that the President, through a series of substantial economies, has achieved a budget of \$200.8 billion."

He said the 1971 budget can be considered a solid, balanced budget which has "taken into account the need for restraint in federal spending in today's economy."

"It is responsive to national needs," Ziegler said, "while keeping in mind that a major priority facing the country is a healthy economy."

Ziegler said that at a news conference Nixon has scheduled for 6:30 p.m. EST Friday, the President will not discuss any of the content of the economic report or the budget.

The economic message will cite the need for establishing spending priorities, the Post said, in explaining why some federal programs cannot be given all the money they need, plus the necessity of meeting previously committed spending increases such as Social Security payments.

Billie Estes Loses Bid to Be Paroled

WASHINGTON (AP) — Billie Sol Estes, a one-time fertilizer tycoon whose financial dealings became a national scandal, lost today his first bid for parole from a 15-year federal prison term.

The U.S. Parole Board rejected the application of Estes, 45, who would have been eligible March 5 after serving one-third of his term, imposed for swindling finance companies.

Parole Board Chairman George J. Reed said the full eight-member board made the decision after a complete review of the record in the Estes case. The board set December 1971 for its next review of the decision.

The Pecos, Tex., businessman is serving his sentence for mail fraud and conspiracy to defraud the finance companies at the federal correctional institution at Sandstone, Minn. He has been incarcerated there since Dec. 15, 1966.

All Around Town

By The Star Staff

The weekly report from Millwood Reservoir says the pool elevation is just about normal at 259.15 and water discharge of 2,100 cubic feet per second and the water is clear. . . during the month of December 70, 200 persons visited the lake. . . in regard to fishing, it's just fair with a lot of folks trying but only a few good catches have been reported.

Mrs. Lester Huckabee, Mrs. Carrol Messer and Mrs. Harley Sisson attended the showing of the new Tress Chic Lee Wig in Dallas, Tuesday at a Holiday Inn.

How about this. . . a man who sells auto accident and liability insurance has hit this writer's parked auto twice within just a few weeks. . . fortunately no damage resulted.

Dr. Emmet Thompson and Dr. Don Friel attended the monthly meeting of the South Arkansas Optometric Society Wednesday night at Chris' Steak House in Camden.

By THE ASSOCIATED PRESS
WASHINGTON (AP) — The Washington Post reports that President Nixon will send a budget proposal totalling \$200.8 billion for fiscal 1971 to Congress. The Post said this will include cuts in defense, space, agriculture and veterans benefit spending. Nixon is to deliver his economic message Monday.

WASHINGTON (AP) — A U.S. expert on Soviet space activity says that 1969, with 70 successful launches, was the Russians' busiest year in space, but did not fulfill their expectations.

WASHINGTON (AP) — Secretary of Defense Melvin R. Laird says he believes that it is necessary to cut the Armed Forces to the two million man level to make an all-volunteer service feasible. Such a size would be the smallest for the U.S. since before the Korean War.

WASHINGTON (AP) — Witnesses opposing the confirmation of Judge G. Harrold Carswell to the Supreme Court have delivered testimony that one Senate Judiciary Committee member called "damning" and "extremely damaging." One lawyer called Carswell's handling of one civil rights case "extremely hostile," and another—who spoke for the defeated nomination to the high court of Judge Clement F. Haynsworth—said there is no indication he could serve with distinction in the court. His stands on women's rights were also attacked.

NEW YORK (AP) — The General Electric Co. and two unions leading a 95-day strike have announced tentative agreement on a new contract. A federal mediator said it will be a week to ten days before all 133,000 strikers return to work.

WASHINGTON (AP) — A strike against the nation's railroads could come at any time, the chief union negotiator says as talks in the year-old dispute break off with no further sessions scheduled.

SAIGON (AP) — The U.S. Command says American planes have attacked antiaircraft weapons in North Vietnam since the bombing halt 15 months ago but that attacks were not made public because they were not considered significant. The weapons were being used against U.S. planes, it said.

Israeli planes have damaged Egyptian oil installations in the Suez area, and engaged in a duel of sonic booms with Syria.

MEXICO CITY (AP) — Hostilities have broken out again between Honduras and El Salvador, and the two governments have suspended peace talks in Costa Rica at which they were trying to ease tension from their 1969 war last July.

The Chamber of Commerce reports (Industrial Committee) it has three or four good industrial prospects that they expect to be visiting here within the next 60 days.

A good sign of progress is shown by local bank reports. . . as of June 30, 1969 total assets of the three banks in Hempstead County and the Hope Federal Savings & Loan Association were \$15,543,971.99. . . as of December 31, 1969, 10 years and six months later, this figure has skyrocketed to \$45,339,130.87.

The committee appointed by Chairman Mack McLarty to inform the voters of Hempstead County about the special election to be held Tuesday, Feb. 3, met Wednesday in the Hope Chamber of Commerce office.

McLarty presided over the meeting and assigned industries and business houses to the committee members to contact and encourage a large turnout at the polls.

He stated that the passage of the Act No. 9 bond issue, which is to finance an expansion program at Standard Generator Company, would create 150 to 300 new jobs in Hope, add a half million dollars to the local economy yearly and that "Hope and Hempstead County need these new jobs and incomes if we are to continue to grow."

Robert LaGrone was called on by the chairman to explain what an Act No. 9 bond issue is. LaGrone quoted from Section 6 of the Arkansas Statutes that, "Such revenue bonds shall not be general obligations of the municipality or county, but shall be special obligations, and in no event shall the revenue bonds constitute an indebtedness of the municipality or county." He further stated, "There is no public liability attached to these bonds. They are secured by the revenues of the business involved and the mortgage on its property, buildings and assets."

In closing, Mr. LaGrone told the group that, "Securing industry is a highly competitive endeavor and the decisive passage of this bond issue will certainly encourage other industries to locate in our county."

Bob Tolleson, manager of Standard Generator told the group that he had lots of applications for jobs and also that many Hope and Hempstead County residents are going out of the county to work. Tolleson also stated that his Company would make an annual contribution to the county even though the plant is actually tax exempt under the Act No. 9 Bond Issue.

Other industries in Hope who have been assisted by an Act No. 9 bond issue follow this same procedure.

Large State Group Going to Water Meet

Arkansas' delegation to the 24th Annual convention of the National Association of Soil and Water Conservation Districts at San Francisco on February 1-4, is expected to outnumber those of other visiting states, according to Sloman Goodlett, chairman of the Hempstead County Soil and Water Conservation District.

Sloman Goodlett, and Richard Arnold are among the 112 Arkansans scheduled to depart from Little Rock by chartered jet on January 31 for the 4-day meeting. Monroe Samuel of DeAnn will also attend.

Eddie Albert, noted conservationist and star of stage, screen, and television, will talk on environmental quality at the noon luncheon on February 3. Other featured speakers will include NACD President Sam Studebaker of Tipp City, Ohio; Thomas B. Evans, SCS State conservationist for Indiana; John H. Harms, of Washington, editor of the Kiplinger Agricultural Letter; and Mrs. Del Krontk of Madison Lake, Minnesota, president of the NACD Ladies Auxiliary.

Entertainment highlights will include special tours for delegates and wives, a California clam bake, and a dinner in Chinatown.

The group will return to Little Rock on February 4.

Purcell Thinks Public Aware

BLYTEVILLE, Ark. (AP) — Atty. Gen. Joe Purcell said that letters sent to his office have convinced him that the public is aware of the need for legislation to protect consumers.

He told a Blytheville Rotary Club Thursday that his Consumer Education Council has almost completed its work. Purcell said the council will be disbanded within the next few months.

Nationwide Rail Strike Threatened

By GREGG HERRINGTON
Associated Press Writer

WASHINGTON (AP) — Not knowing if, when or where the first placard-carrying picket might appear, the country's railroads continued operating today while management and labor prepared for a nationwide rail shutdown that might not come off.

The first walkout by members of four unions who have worked without a contract for over a year could come "like a shot out of the dark," William W. Wimpfinger, chief negotiator for the AFL-CIO shopcraft unions, said Thursday night when contract discussions broke off.

A government spokesman said no further sessions have been scheduled.

A strike by any of the 48,000 members of the Machinists, Electricians, Boilermakers or Sheet Metal Workers—whose latest pact expired Jan. 1, 1968—would lead to a nationwide shutdown of the entire rail system, industry spokesmen have said.

"We have been unable to resolve the dispute," Wimpfinger said following the latest round of negotiations that began this month. The Sheet Metal Workers in mid-December rejected a two-year agreement with an 18-per cent wage hike that was the highest in the history of the unions.

The other three shopcraft unions involved narrowly approved the pact but those work-

Discounts Rumor of Candidacy

SPRINGDALE, Ark. (AP) — State Rep. Charles Davis has discounted the rumor that he will be a candidate for the office of mayor of Springdale.

Davis, who served as mayor of Springdale for five years, also said Thursday he will not run for re-election to the legislature.

Another Washington County representative, Charles Stewart, said he will seek re-election.

Rules Damages Must Be Paid by Railways

LITTLE ROCK (AP) — A U.S. District Court jury held here Thursday that Missouri Pacific Lines should pay for 60 per cent of the damage to a Cornish grain elevator resulting from an explosion of a boxcar loaded with artillery shells March 9, 1966.

The jury ruled that the federal government should pay for 25 per cent of the damage and the Chicago, Burlington and Quincy Railroad the remaining 15 per cent. The verdict concluded a nine-day trial.

Damage to the elevator was \$570,145.41.

The explosion rocked Cornish at 2:45 a.m. and sent metal fragments flying over a wide area. No one was seriously injured.

The boxcar, owned by the government, was part of a Missouri Pacific train which had pulled onto a siding to allow another train to pass.

Late General George Patton of Army Is a Hero to a Marine

By HAL BOYLI

NEW YORK (AP) — It is rare for a U.S. Marine to look on Army officers as his hero.

But the late Gen. George S. Patton has become something of a personal hero to one Marine.

Scott is the result of playing the title role in "Patton," a \$15-million roadshow film by 20th Century-Fox.

Scott, who rose to the rank of sergeant during a four-year hitch in the Marine, became fascinated with the personality of the famed U.S. 3rd Army commander who achieved notoriety by slapping a shellshocked private and later won renown for his march across France.

"I think I could write a book about Patton," he said. "My biggest difficulty was to avoid the popular notion of him

U.S. Steel Has Raised Its Prices

PITTSBURGH (AP) — U.S. Steel Corp., which usually sets industry trends, has followed smaller producers in raising its prices on products used to make consumer goods.

The nation's largest steel producer announced Thursday it was hiking prices from \$4 to \$6 a ton on hot rolled, cold rolled and coated sheets effective Feb. 1.

The products are used in the manufacture of autos, appliances and machinery. They make up about 36 per cent of total industry shipments.

The upward trend in steel costs began last week when Arneco Steel Corp., the fifth-largest steelmaker, announced a price increase. Arneco was promptly followed by the No. 2 producer, Bethlehem Steel Corp. Jones & Laughlin and Republic Steel Corp. also raised prices.

U.S. Steel and other producers also have announced like-a-veraging 5 per cent on carbon steel plates and structural shapes. These products, used in the construction industry, average about 15 per cent of industry shipments.

Three days ago U.S. Steel reported a decrease in net income from \$253.7 million in 1968 to \$211.1 million last year.

In Detroit General Motors Corp., believed to buy between one-fourth and one-third of its steel from U.S. Steel, announced Thursday a drop in net income of \$21 million from 1968 to 1969.

Heart Falls Fire Fighter

LITTLE ROCK (AP) — Arthur Haynie, 43, a Little Rock fireman, died of an apparent heart attack while fighting a fire here Thursday. He was the first Little Rock fireman to die while fighting a fire since 1963.

Haynie was fighting a fire at the intersection of 11th and Main streets when he collapsed. He was taken to a local hospital but died before he could be moved.

Haynie was a member of the Little Rock Fire Department for 15 years. He was married and had two children.

All Aboard Greek Ferry Are Saved

By HAL BOYLI

PIRAEUS, Greece (AP) — An international out-patrol of 400 was heavily damaged by fire and sank in the Cyclades Islands early today, but the 79 persons aboard, all Greeks, were safely evacuated by small boats.

Piraeus harbor authorities said the 1,769-ton Epimos ran on the rocks at the entrance to Skiros Harbor in a thick fog and caught fire when there was a short circuit in the engine room.

The ship ran from Samos Island in the north Aegean Sea, to Brindisi, Italy. It carried a crew of 45 and had 94 passengers aboard.
